## Work Experience

### Website Development Volunteer

REAL HAPPINESS OF LIFE FOUNDATION,  
H.NO. 4453, SATHE NAGAR, THANE,  
MAHARASHTRA - 421305 (Remote)

June 2024 - July 2024

- Designed and developed a responsive website for an NGO to showcase their mission, events, and donation options.
- Contributed 30 hours of volunteer service, building an accessible and user-friendly platform using modern web technologies.
- Improved page load time by 20% through optimized code and image compression techniques.

---

## Projects

- **Personal Portfolio Website**  
Tech Stack: HTML, CSS, JavaScript, Bootstrap, GitHub, Figma
  - Designed and developed a responsive personal portfolio website to showcase skills, projects, and achievements.
  - Built a multi-page site with sections for projects, certifications, and contact details, improving personal branding and visibility.
  - Utilized Figma for design mock-ups and Bootstrap for responsiveness, ensuring compatibility across devices.
  - Deployed the site with Netlify, learning version control and deployment processes.
- **Billing App with Gemini Integration**  
Tech Stack: Python, Flask, SQLite, Gemini API, Tkinter, Postman
  - Built a billing application with AI-powered features using Gemini API to automate invoice generation and error detection.
  - Developed a user-friendly desktop interface with Tkinter for seamless data entry and real-time billing calculations.
  - Integrated Gemini API to analyse billing patterns and suggest optimizations, reducing manual errors by 30%.

---

## Education
